3 BIG IDEAS ABOUT MATH LEARNING DISABILITIES

- 1 MLDs are brain-based
- 2 Students with MLDs experience secondary challenges
- 3 Effective interventions target students' specific difficulties

1

MLDs are
brain-based

Calculation

Visual Processing

(Executive Functioning)

2

Students with
MLDs
experience
secondary
challenges

Anxiety

Cognitive Overload

3

Effective
interventions
target students'
specific difficulties

Teaching Strategies

Learning Strategies

Accommodations & Modifications
